TORINO, 16-17 MARCH

TOGETHER FOR GREEN AND JUST CITIES

16th of March 2023 – Gitty Korsuize

Healthy Urban Living for Everyone city of Utrecht

Healthy Urban Living for everyone - Utrecht barcode

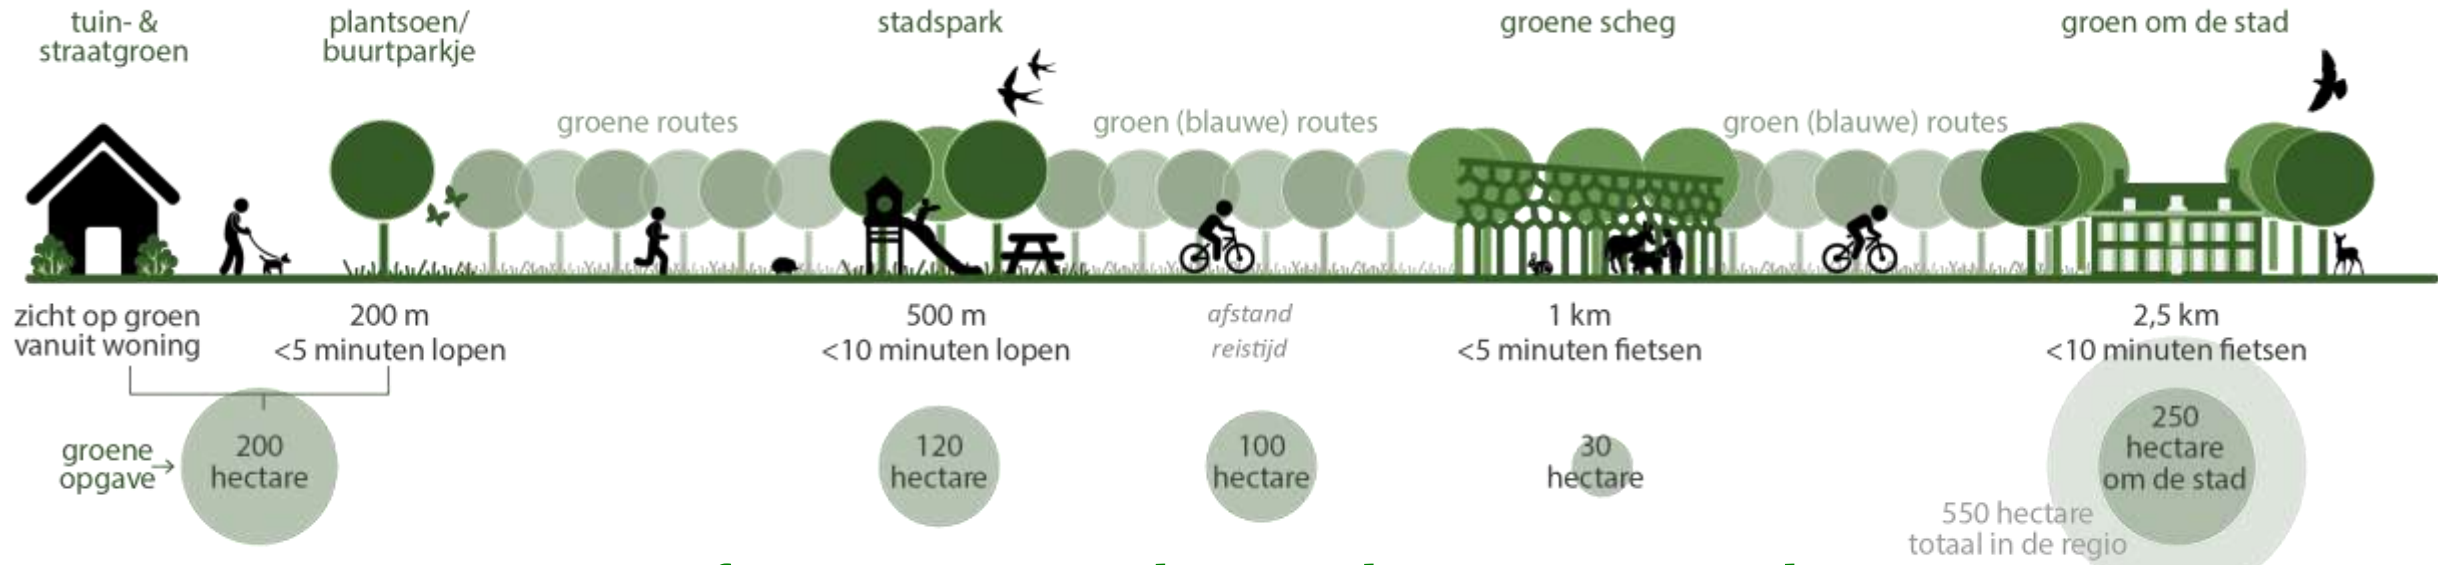

Add 40.000 residents => Add 440 hectare of green

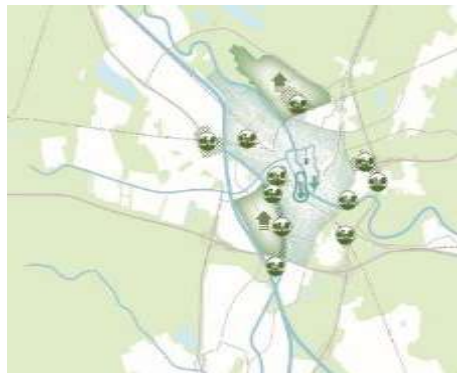

Set requirements on needed space – green remains flexible...

Shift towards healthy mobility – 10 minute city

Greening our city at different levels

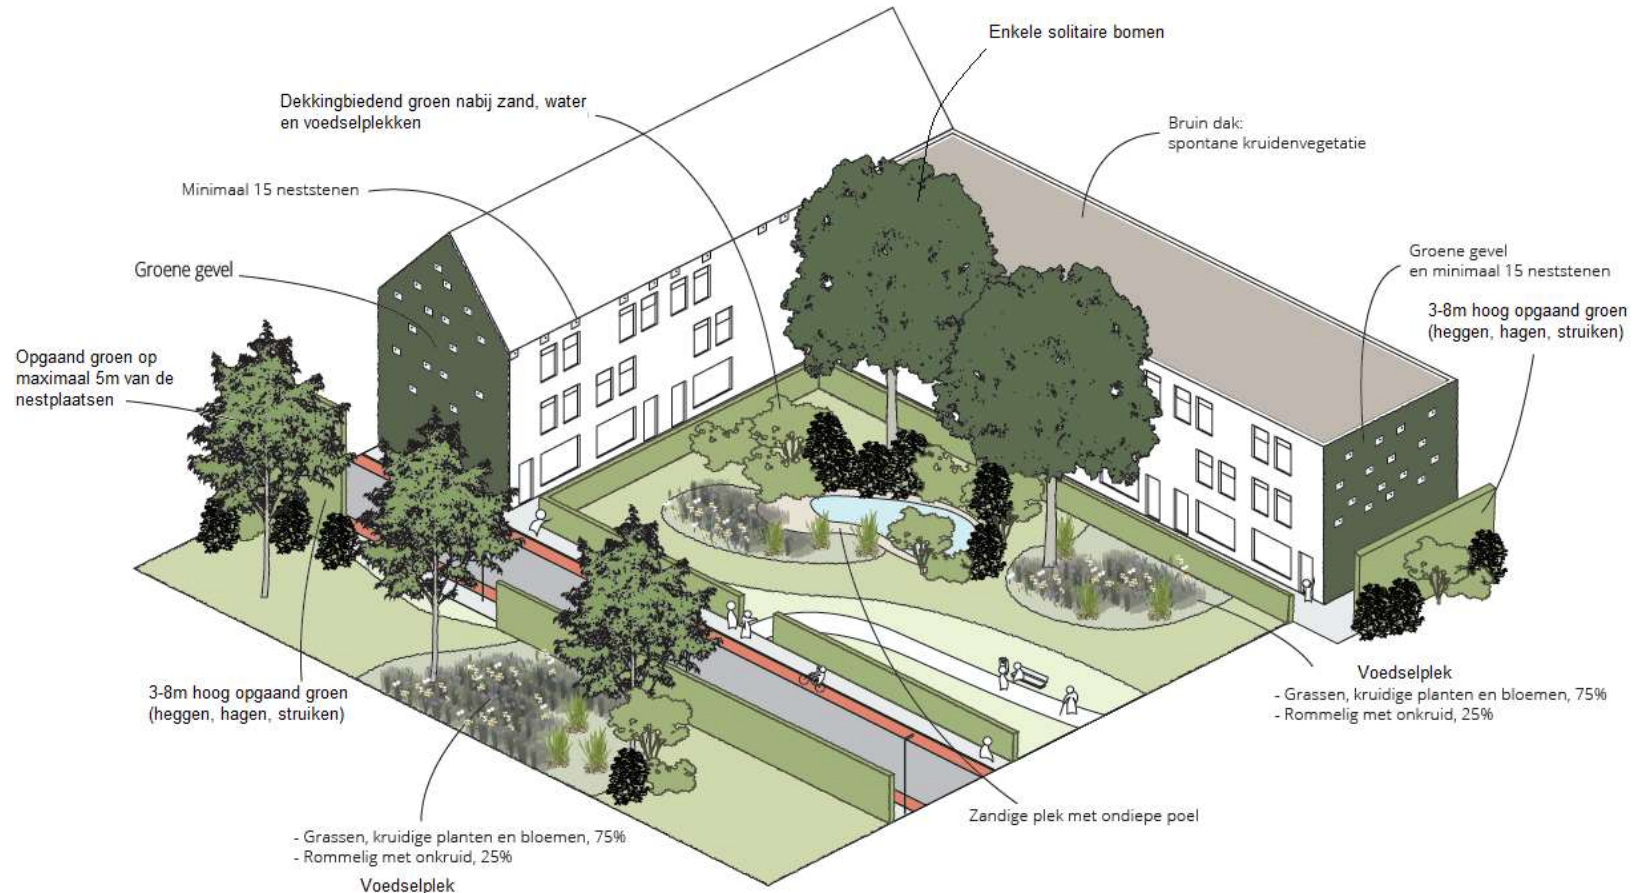

Home – Street – Green Infrastructure - Urban Park – Recreational & Nature areas

Biodiversity – Quantifying species needs

Example of the house sparrow:

- Minimum of 30 nesting boxes per hectare
- Minimum of 100 m² vertical green per hectare
- Minimum of 500m² per hectare with feedingspots within 50 meters of the nesting site
- 5m² per hectare with dry sandy spots within 50 meters of the nesting site

THANK YOU!
